

# Ontario Needs a Rent Grant!

The Ford government recently passed Bill 60 - legislation that speeds up evictions during a housing crisis. While the rationale for the bill was to save landlords money, more evictions leading to homelessness will actually cost the average taxpayer more than if tenants stayed housed. With rents skyrocketing, more tenants are barely scraping by; one unexpected emergency (job loss, illness, death in the family) could push them over the edge. **That's why ACORN is calling on the Province to introduce an Ontario rent grant program so that tenants can stay housed during emergencies, landlords still get paid, and taxpayers save money.**
